SONICLEAR

BEARING EDGE

The **SONIClear® Bearing Edge** is standard on all Mars shells and allows the drumhead to sit flatter and make better contact with the shell. The result is a stronger and deeper fundamental pitch, effortless and consistent tuning, and a significantly expanded tuning range.

PREMIUM

FEATURES

Mars Series drums include a number of premium features that will provide pro-level performance to players looking for an affordable but gig-worthy kit.

Straight from the Saturn Series, the **SONIClear® Suspension System** on the rack toms increases overall resonance by preserving vibration in the drumheads and shell and preventing energy transfer to the hardware.

The **Insulated Bass Drum Claws** include rubber gaskets that protect the hoop from damage and prevent rattling or buzzing during periods of extended play.

The **100% Birch 6-Ply Shells** are focused and allow the drums to speak quickly and project clearly. Rack toms have a punchy brightness while the lower frequencies of the bass drum and floor toms are supported with enhanced fundamental and body.

The **Matching Snare Drum** gives a unified look to the set while providing a solid fundamental crack.

Bass Drum Mounted Tom Holders are standard with 529(TH676) & 486(TH683) shell packs. A **Single Tom Arm and Clamp** for mounting the rack tom from a cymbal stand are standard on the 446(TH800) shell packs.

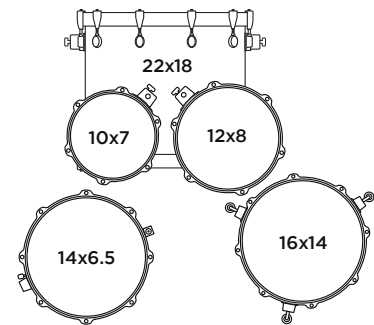

CONFIGURATIONS

What's Your Setup?

Mars series is for drummers to explore every possibility on the journey of playing drums. The variety of configurations meets the demand for a wide range of musical applications. These instruments release unlimited potential and allow the player to discover their own musical sound.

529SF 5-Piece Rock Shell Pack

The Mars Series "Rock" Shell Pack features sizes that can span a wide range of playing styles. This configuration offers a blend of power and versatility well-suited for the drummer needing a portable, great sounding kit.

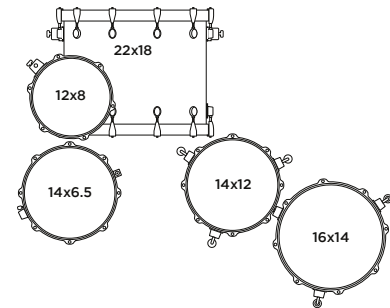

Model shown: MA529SFDT with optional 600 series hardware

528SF 5-Piece Crossover Shell Pack

The Mars Series "Crossover" Shell Pack features a 1 up and 2 down configuration that is ideal for players who want a powerful rock sound with a single rack tom for closer positioning of their ride cymbal.

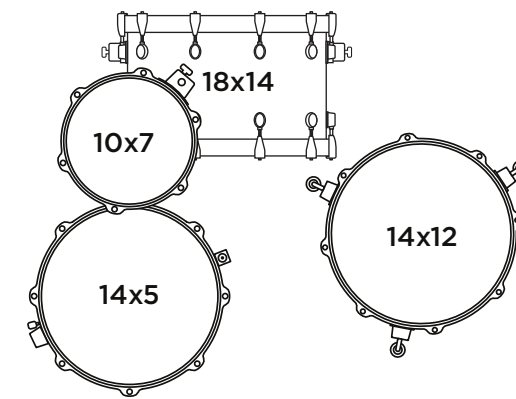

Model shown: MA528SFOR with optional 600 series hardware

486S 4-Piece Bop Shell Pack

The Mars Series "Bop" Shell Pack features a 1 up and 1 down compact setup featuring an 18" kick drum with a massive sound. This is the configuration you need when space is limited and you require response, power, and control.

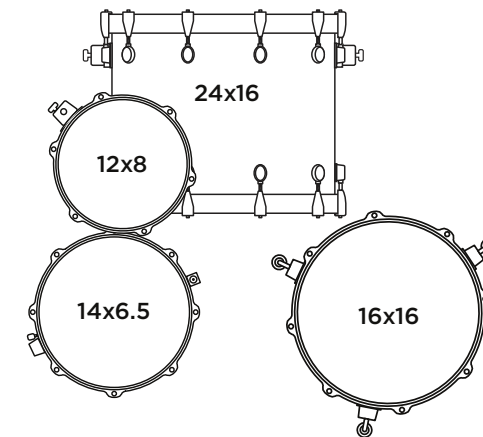

Model shown: MA486SMI with optional 600 series hardware

446S 4-Piece Rock 24 Shell Pack

The Mars Series "Rock 24" Shell Pack features a 1 up and 1 down tom set-up that keeps all the toms within easy reach while the 24" bass drum produces a powerful, yet naturally equalized tone.

(Featured Configuration: MA529SFDT)

600 SERIES

HARDWARE OPTIONS - Chrome

600 Series Hardware features lightweight yet highly functional stands and simple but sturdy pedals that will serve the needs of gigging drummers needing to lighten their load or younger players looking to make a major upgrade.

- HP6005 - Single Pedal Hardware Pack (Chrome)
- HP6005-DP - Double Pedal Hardware Pack (Chrome)

PEDAL P600/P600TW

A **Double Chain Drive** ensures long-lasting durability and a smooth feel.

A **Solid Steel Base Plate** and **Retractable Floor Spikes** provide stability during aggressive play.

SNARE STAND S600

A **Multi-Step Snare Basket Tilter** provides a wide variety of snare drum positions.

The **Die-Cast Snare Basket Adjuster** and a **Clamp-Style Memory Lock** ensure the drum remains securely in position.

HI-HAT H600

A **Retractable Floor Spike** and a **Concave Double-Braced Leg Shape** provide stability and compact storage.

The **Direct Pull Chain-Drive** and **Variable Tension Adjustment** ensure a responsive feel at every tension setting.

BOOM STAND B600

A **Knurled Hideaway Boom Arm** provides compact stand storage.

Concave Double-Braced Leg Shape allows for better stand positioning and compact storage.

*B60 Boom Arm Available
