

VENUS

START HERE, ARRIVE ANYWHERE

A man with dreadlocks, wearing a red t-shirt and a denim vest, is playing a red Mapex Venus Series drum kit. He is captured in a dynamic pose, leaning forward with his eyes closed and mouth open, as if in the middle of a performance. The drum kit includes a snare drum, a tom, and a cymbal. The background is dark with blue lighting. The text on the left describes the Venus Series as an all-inclusive setup for first-time players.

The Venus Series presents an all-inclusive setup for the first-time player ready to start the “Drummer for Life” adventure. The 100% poplar shells appointed with Mapex SONIClear™ bearing edges produce rich tones from the toms, a robust crack from the snare drum and a punchy low thump from the bass drum. Outfitted with a complete set of stands and pedals, cymbals, a drummer’s throne and even a first pair of drumsticks the Venus Series is the perfect kit to have fun starting a meaningful drumming experience.

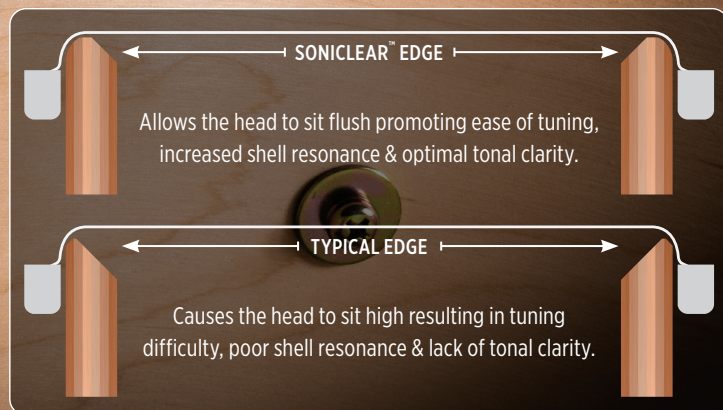

DRUMMER FOR LIFE

Your Drummer for life story begins with Venus, starting with a complete package for beginners of any age. Once you're hooked you'll be looking to Mars for the next step. Practicing, listening, hearing, becoming.....a Drummer For Life.

SONICLEAR™

BEARING EDGE

The **SONIClear™ Bearing Edge** is standard on all Mapex shells and allows the drumhead to sit flatter and make better contact with the shell. The result is a stronger and deeper fundamental pitch, effortless and consistent tuning, and a significantly expanded tuning range. For the serious player, the increased head to edge contact increases shell vibration, allowing the sonic nuances of the Hybrid shell to stand out.

SONICLEAR™ EDGE AUDIO TEST SESSIONS

SOUND

The increased drumhead to shell contact achieved by the SONIClear™ Edge enhances shell vibration, resulting in the "biggest" sound possible from the drum.

Oscilloscope Example: The green waveform is a recording of a drum with the SONIClear™ edge. The dark grey waveform is a drum with a typical edge. Tuned to the same pitch and recorded identically, it's clear that the drum with the SONIClear™ Edge produces a much larger waveform from the initial strike through the full sustain of the note.

SUSTAIN

Because the drumhead sits flat on the SONIClear™ Edge, the tension applied during tuning is more balanced and stress-free. This allows the drumhead to vibrate freely and fully.

Waveform Comparison Example: The green waveform is a recording of a drum with the SONIClear™ edge. The dark grey waveform is a drum with a typical edge. The size of the SONIClear™ waveform indicates a lower and stronger fundamental pitch while the length indicates a longer sustain compared to a typical edge.

FEATURES & BENEFITS

Poplar Shell

9-Ply, 7.2mm Poplar shell offers a full, warm sound.

REMO® Drumheads

Venus series is equipped with REMO drumheads ensuring a pure tone from every drumshell with every stroke.

Wing Screw

The wing screw for Venus floor tom bracket ensures the consistent look of Mapex drum sets.

TH652 Double Tom Holder

Offers easy positioning, multi-angle adjustment, and user-friendly experience to get your toms set up quickly and securely.

Mapex Cymbals

14" Hi-hat, 16" Crash & 20" Ride, the Mapex cymbals for Venus Series offer bright and clear tone.

P410 Single Bass Drum Pedal

Features solid base plate construction for both durability and a secure comfortable performance outpacing most pedals in its class. Single chain drive with adjustable spurs, a reversible and angle adjustable beater and a full sized footboard all for a performance worthy feel.

H410 Hi-Hat Stand

The direct-pull-chain-drive mechanism creates a smooth and responsive feel while the simple and strong hi-hat clutch keeps the top cymbal in place. The angle adjustable seat cup gives authentic hi-hat function and sound.

CONFIGURATIONS

5045FTC 5-Piece Fusion Drum Set (with Cymbals)

5295FTC 5-Piece Rock Drum Set (with Cymbals)

WHAT'S YOUR SETUP?

The Venus series offers 2 standard configurations designed to fit diverse musical applications. Whether the preference is fast and focused or big and booming, every drummer can find a setup to suit their style.

5045FT 5-Piece Fusion Drum Set (without Cymbals)

5295FT 5-Piece Rock Drum Set (without Cymbals)
